

BFA

*Report from website Admin, Clare Myatt
31st March 2023*

Email is checked every day. Simple questions are answered by Admin and others are forwarded to the appropriate person (such as Ildiko for web, the sofa for complexities). Other than the daily spam report and the spam itself, an average of one or two emails a month mostly enquiring about training and membership. In the last twelve months only one ethical concern was raised and passed to the sofa. Thanks for this opportunity to support BFA and I'm happy to continue in this role.
